Norm / taalnorme (p. 16)

Norme of in hierdie geval “taalnorme” verwys na spesifieke reëls of riglyne wat in spesifieke taalgebruikssituasies van toepassing is. Hierdie tipe reëls het ook met die konteks van die kommunikasie te doen.

Verbeel jou jy is by 'n formele, akademiese lesing oor die onderwys. Daar is sekere taalnorme wat by so 'n geleentheid geld. Dit is gepas wanneer die aanbieder in formele, Standaardafrikaans praat. Dit is nie gepas wanneer die aanbieder in tienertaal gesels of vloek nie. Maar, sodra die situasie verander sal die taalnorme ook verander. Wanneer die aanbieder ná die lesing huis toe gaan en saam met vriende gaan kuier, sal dit weer gepas wees om in 'n meer informele variëteit met mekaar te gesels.

Norms / language norms (p. 16)

In this case, norms or “language norms” refer to specific rules or guidelines that must be used in certain contexts.

Imagine that you are attending a formal, academic presentation about education. There are certain language norms that would come into play in such a situation. It would be suitable for the presenter to use formal, standard Afrikaans, for example, but it would be less suitable if the presenter spoke in slang or used curse words. However, as soon as the situation changes, the language norms also change. When

the presenter goes home and visits with some friends, it will be suitable for him/her to speak in a more informal variety.
