Dear student

Below please find the schedule with the dates and venues of the practical workshops for Electrical Engineering subjects. Please note that some of the workshop will be held at **VUT (Vaal University of Technology)** in **Vanderbijlpark** and some at the **Unisa Science Campus** in **Florida**, during 2018.

INSTRUCTIONS ON HOW TO COMPLETE YOUR ASSIGNMENT 1/REGISTRATION FORM FOR PRACTICAL WORKSHOPS

1. All students registered for the practical subjects must send in assignment 1, whether you want to attend a workshop or not.
2. **You must indicate** which date, as given on the schedule, if you want to attend the workshop for a specific subject.
3. After completion of the registration form (which is assignment 1), it must be sent as a normal assignment. (**Do not** send the registration form directly to Ms L Visser, it needs to be sent to the Assignments Department).
4. **A confirmation letter, with the date you have chosen to attend the workshop, will be sent to you by e-mail. If you have not received your confirmation letter within 3 weeks after submitting your assignment, please contact Ms L Visser at 011-471-2854 or lvisser@unisa.ac.za (for workshops held at VUT) to confirm whether you have been booked. It is of the utmost importance that students must receive a confirmation letter. Please make sure that your e-mail address on the registration form is clear. All correspondence regarding workshops will be sent to the e-mail that was provided on the form.**
5. **Please note: SUBMISSIONS DO NOT GUARANTEE A BOOKING DUE TO LIMITED SPACE.**
6. Please check on myUnisa whether your assignment was received by Unisa.

If you have submitted your registration form without a date being selected, please contact Mrs L Visser URGENTLY via e-mail lvisser@unisa.ac.za or 011 471 2854 with a date.

NO EXCEPTIONS OR CHANGES WILL BE MADE WITHOUT A VALID PROOF AS TO WHY YOU COULD NOT ATTEND THE WORKSHOP AS EXAMINATION RULES APPLY!!

The following workshops will be held at **VUT** on Saturdays:

Please note: There are workshops for EMMPRA2, EMMPRA3, EMMPRA4, ELEPRA2, ELEPRA3, ELDPRA3, PCEPRA4 at both VUT and Florida Science Campus. You MUST indicate clearly where you would like to attend. Students attending these workshops, will be evaluated.

Workshops for all first year level students will be held at the Florida campus. First year level students will not be evaluated on the day as it is only an information session. You are still required to send your portfolio to the Assignments Department.

Please contact Ms Lungi Nhlapo nhlapld@unisa.ac.za (011 471 3053), Ms Lebo Maqhenane maghelf@unisa.ac.za (011) 670 9795) and Mr Xolani Yokwana at yokwaxp@unisa.ac.za (011 670 9767), to schedule a workshop for the subjects below at the:

Please note the workshops that are held at the Florida Campus, will take place during the week.

Students that are registered for the following subjects, must complete the experiments as given in tutorial letter 102.

Electrical Engineering I – Practical ELEPRA1
Digital Systems I – Practical DIGPRA1
Electronics I - Practical ECTPRA1

There are no workshops for the following subjects:

Circuit Analysis IV – CANPRA4	No workshop
Radio Engineering IV – Practical RAEPRA4	No workshop
Satellite Communication IV – Practical SCMPRA4	No workshop
Control Systems IV – Practical CSYPRA4	No workshop
Control Systems III – Practical CSYPRA3	No workshop
