Dear Employer

This memorandum serves to inform you that students registered for HFL1501 at UNISA have to submit a portfolio examination on 21 May 2018. Students need official study leave to complete the portfolio. The portfolio is a complex examination, requiring intense effort on the part of the student. At least three days will be required for the student to complete the portfolio.

Please make sure the employee provides proof of registration for the specific module.

Do not hesitate to contact me for further information.
