Dear Student

It happens from time-to-time that the university runs out of stock with regards to the study guide and/or tutorial letter 101/3/2011 which contains the assignment questions. This delay in sending out the study guide and/or tutorial letter 101 impacts on your studies, the purchase of the prescribed textbook and the submission of assignment 01.

In order to support you in your studies, the Economics department has introduced the following interventions to make the information that relates to assignment 01, a compulsory assignment for admission to the examination, more freely available:

1. Study guide

The study guide is available in smaller units under the **ECS1501 additional resource link** on MyUnisa.

2. Tutorial letter 101

This tutorial letter contains information on:

- The prescribed textbook
- Assignment questions

The tutorial letter 101 is available under the **ECS1501 official study material link** on myUnisa. Please print only the assignment 01 questions.

3. Prescribed textbook

- The information on the prescribed textbook is available in Tutorial letter 101, page 8 which you will find under the link as highlighted in point 2.
- I have also published the first three chapters of the prescribed textbook under the **ECS1501 additional resources link**. The content of these three chapters of the prescribed textbook is what you have to study to be able to complete and submit assignment 01. These chapters will be removed from myUnisa after 6 weeks of publication date according to an agreement with the authors and publisher. Therefore you still have to purchase the prescribed textbook. The availability of the first three chapters is only an interim measure to ensure that you can submit assignment 01 on time and gain admission to the examination.

4. PowerPoint slides (Study Units 1-3)

The PowerPoint slides which I use in my discussion classes are also available on MyUnisa. You will find it under the **ECS1501 additional resources link**. These slides might also assist you while waiting for the study guide.

Regards

TC van der Vyver
