1 INTRODUCTION AND WELCOME

Dear Student

Welcome as a student to the module, PRINCIPLES OF TAXATION. We hope that you will find your studies interesting and rewarding and that you will be successful in the examination.

Please read this tutorial letter very carefully in order to orientate yourself with the requirements specific to this module.

This is a practical module and therefore you will have to learn certain rules and how to apply them. This will mean that you will have to start with your studies immediately as the semester is only 15 weeks long, and you will need to give yourself ample time to practise what you learn. For your convenience we include a proposed study program indicating the MINIMUM time that you will have to put aside for each study unit as well as the specific outcomes and assessment standards for the module. The specific outcomes and assessment standards will be repeated in the appropriate study units in your study guide.

There are a number of lecturers in the undergraduate section of the Department of Taxation who will be assisting you, but your primary lecturers are Prof Boela Swanepoel, Ms Lenatha Wentzel, Ms Carien Cass and Ms Refilwe Matenche.

How to get started on myUnisa

It is important that you regularly make use of myUnisa. This technological resource makes it easier to communicate with the university, your lecturers and fellow students about your studies. By using myUnisa, you will be able to submit your assignments electronically, access the library resources, get your assignment marks and take part in activities, tasks and discussions relating to the contents of this module. Register TODAY and visit myUnisa regularly.

In addition to registering on myUnisa, it is crucial that you activate your myLife email address, as all your official correspondence regarding this module will be sent to your myLife address and not your private email address. Please consult with the my Studies @ Unisa brochure for more information on the activation of your myLife email address as well as obtaining access to the myUnisa module website.

We would like to take this opportunity to extend our best wishes for success in your studies and assure you that we realise that you are not studying under ideal conditions. We invite you to communicate with us on any matter concerning this module.

2 PURPOSE OF AND OUTCOMES FOR THE MODULE

2.1 PURPOSE

The aim of this module is to provide students studying towards an accounting degree with an overview of the South African tax system as it applies to all forms of income, general deductions and all classification of taxpayers. On completion of this module, students will have detailed knowledge of the Income Tax Act as it applies to the calculation of special deductions, capital allowances and capital gains tax for business entities.
2.2 SPECIFIC OUTCOMES AND ASSESSMENT CRITERIA

SPECIFIC OUTCOME 1

Students must be able to demonstrate detailed knowledge of the South African tax system.

Assessment criteria

Students are competent if evidence shows that they are able to:

- recall the principles on which taxation is founded
- describe the annual tax process
- describe the different Acts relating to taxation in South Africa and the taxes that they make provision for
- rewrite the framework for calculating normal tax
- distinguish between direct and indirect taxes
- state the rules for interpreting statutes
- state the application of court decisions, interpretation notes, practice notes and media releases

SPECIFIC OUTCOME 2

Students must be able to demonstrate an ability to identify, analyse and solve problems in the taxation administrative process (from registering as a taxpayer to objecting to an assessment).

Assessment criteria

Students are competent if evidence shows that they are able to:

- identify the different taxpayer profiles in respect of tax rates and rebates
- state the process of registering as a taxpayer
- illustrate the process of assessment
- summarize the process of objecting (appeal) to an assessment

SPECIFIC OUTCOME 3

Students must be able to demonstrate an ability to evaluate “income” (as defined by the Income Tax Act) of a business entity and to apply well-developed processes of analysis and evaluation of that information.

Assessment criteria

Students are competent if evidence shows that they are able to:

- manage and evaluate information regarding the requirements, including applicable case law, of the definition of gross income
- apply special inclusions to the definition of gross income in the calculation of “income”
- apply exempt income in the calculation of “income”

SPECIFIC OUTCOME 4

Students must be able to demonstrate an understanding of the calculation of selected deductions and allowances in terms of the Income Tax Act of a business entity.

Assessment criteria

Students are competent if evidence shows that they are able to:

- manage and evaluate information regarding the requirements, including applicable case law, of the general deduction formula
apply selected special deductions in calculating the taxable income of a business entity
apply selected expenditure and allowances relating to capital assets in calculating the taxable income of a business entity

SPECIFIC OUTCOME 5:

Students must be able to demonstrate the ability to evaluate, select and apply appropriate methods to calculate the taxable capital gains tax of a business entity.

Assessment criteria

Students are competent if evidence shows that they are able to

- determine the applicability of capital gains tax to a scenario
- determine the proceeds for the purposes of capital gains tax
- determine the base cost for the purposes of capital gains tax
- select and apply the relevant exclusions for the purposes of calculating capital gains tax
- select and apply the rules relating to the inclusion of an amount in taxable income, with regard to capital gains tax

3 LECTURERS AND CONTACT DETAILS

3.1 ADMINISTRATIVE QUERIES

Further tutorial letters
You may also receive further tutorial letters during the year as the need may arise. Tutorial letters are all sequentially numbered.

Additional study material
The above study material is the only study material that the University supplies to you. The lecturers believe that this is sufficient in order for you to complete your studies successfully.

If you have access to the internet, you can view the study guides and tutorial letters for the modules for which you are registered on the university’s online campus, myUnisa, at [http://my.unisa.ac.za](http://my.unisa.ac.za).

4.2 PRESCRIBED BOOK

It is essential that you obtain the following prescribed textbook:

You must obtain the prescribed book as early as possible in the semester. Note that the library does not provide for this book specifically and that copies of this book may not always be readily available in the library.

Please refer to the full list of official booksellers and their addresses in *My studies @ Unisa* brochure.

The prescribed textbook can also be ordered online:
[http://hedron.co.za/fundamentals](http://hedron.co.za/fundamentals) (directly from the publisher)
[http://www.kalahari.com](http://www.kalahari.com)

4.3 E-RESERVES/RECOMMENDED BOOKS AND READING LISTS

There are no e-reserves for this module.
5 STUDENT SUPPORT SERVICES FOR THE MODULE

5.1 myUnisa

To go to the myUnisa website, start at the main Unisa website, http://www.unisa.ac.za, and then click on the “Login to myUnisa” link on the right-hand side of the screen. You can also go there directly by typing in https://my.unisa.ac.za.

Please consult the my Studies @ Unisa brochure for more information on myUnisa.

Please activate your MyLife e-mail account so that we can communicate with you!

For this module, we will make use of the following functions on myUnisa:

- Official study material – all tutorial letters that you will need for this module
- Course contact – all e-mails will be answered within two business days
- Podcasts
- Schedule – you will be provided with a weekly study schedule
- Announcements – when required
- Discussion forum – please take part in meaningful content-related discussions

Please make arrangements to visit myUnisa often in order to make use of these valuable resources.

5.2 E-TUTORS

All TAX2601 students are allocated with an e-tutor to help when you are stuck, explain concepts and give advice. They communicate exclusively via the internet on myUnisa. Please visit the myUnisa e-tutor site regularly.

5.3 DVD

We will be sending out a DVD for this module. The DVD is a revision tool and may therefore only be available later in the semester. The DVD is not a replacement for doing the work – it is merely a tool to assist you to revise for the exam.

6 MODULE-SPECIFIC STUDY PLAN

Below is a proposed weekly plan for TAX2601 – based on a minimum time spent on the module of 9 hours per week. Please keep in mind that you have 15 weeks of study from registration to start of exams. Semester 1 commences on 27 January 2014 and semester 2 commences 15 July 2014. If you start later, you need to realise that you will have to catch up the time that you have missed.

### 7.1 ASSIGNMENTS

There are three assignments per semester.

As a Unisa student, you do not write tests and, therefore, you need to use the assignments as a substitute. It is part of your learning process to receive feedback in the form of an assignment solution. The completion of your assignment will also help you, as you will only obtain a total understanding of this module through practice by working through the questions.

Assignment 1 and 2 count 30% and 70% respectively of your year mark. Only Assignment 1 is compulsory; this means that you have to do Assignment 1 and submit it if you would like admission to the exam. Assignment 3 is a self-assessment assignment and does not count towards your year mark.
The assignments do not cover ALL the essential work of the module – they are just a tool to assist you to study the material in good time. Furthermore, just doing assignments is not sufficient preparation for the examination. For your own good, and in preparation for the examination, we recommend that over and above the assignments, you must also go through the study material.

**Compulsory assignment**

Assignment 1 is a compulsory assignment. The submission of the compulsory assignment will prove that you are an active student and will therefore earn you admission to the examination.

Admission to the examination will be obtained by submitting the compulsory assignment before or on the due date and not by the marks obtained for it.

You will undoubtedly realise the importance of commencing your study programme in good time so that you can obtain admission to the examination and earn a good year mark.

**Submission of assignments**

You may submit assignments electronically via myUnisa. Although assignments may still be submitted by post, we would like to encourage you to submit your assignment online on myUnisa.

**Submit assignment 1 using myUnisa:**

- Go to www.unisa.ac.za
- Go to myUnisa
- Enter your student number and password
- Select your module from the orange strip
- Click on “Assignments”
- Find the TAX2601 course code in the Course column
- Find the corresponding number of the assignment, e.g. 01 or 02 in the Ass.No. column
- Click on the Submit link in the Action column next to the assignment number
- Enter the total number of questions for your assignment in the Number of Questions field
- Click on the Continue button
- The number of questions requested in the previous step will now be displayed with five answer options next to each one. Please note that each row represents a question in your assignment
- Click on the radio button [the small circle] that corresponds to your answer for that question. If you want to restart the assignment, click on Clear Form to remove all your selections and start from new
- Click on the Continue button after you have completed all the questions and checked if you are happy with all your answers
- If you want to redo the answers to the assignment, click Back
- Click on the Continue button to submit your assignment. If you do not click Continue, no submission action will take place
- The assignment submission report is your proof that your assignment was submitted. You must print this page for your record purposes
- Click on the Return to Assignment List button to go back to the Assignment overview screen.
Submit assignment 2 using myUnisa:

- Go to myUnisa.
- Log in with your student number and password.
- Select the module.
- Click on assignments in the left-hand menu.
- Click on the assignment number you want to submit.
- Follow the instructions on the screen.
- **Remember that your assignment document (attachment) must be in a pdf-format.**

For detailed information on assignments, please refer to *My studies @ Unisa* brochure.

**PLEASE NOTE:** We have experienced in previous semesters that students have difficulty to submit their assignments on the myUnisa system on the due date. This is probably because so many students are accessing the system on the same day. Therefore, please be advised to submit your online assignment WELL IN ADVANCE to avoid this problem.

You MUST keep a copy of your completed assignment, so that in the event of the assignment getting lost, before it can be assessed, you will have a copy that we can mark.

Enquiries about assignments must be addressed to **assign@unisa.ac.za**. Information about assignments, (eg whether or not the University has received your assignment or the date on which an assignment was returned to you) can be obtained on myUnisa. The lecturers can’t provide you with this information.

**Please note:** Although students may work together when preparing assignments, each student must write and submit his or her own individual assignment. It is unacceptable for students to submit identical assignments on the basis that they worked together. That is copying (a form of plagiarism) and none of these assignments will be marked. Furthermore, you may be penalised or subjected to disciplinary proceedings by the University.

**Marking of assignments**

Assignment 1 will be marked electronically.
Assignment 2 will be marked by the lecturers.
Assignment 3 is a self-assessment assignment, which means that you do not submit it to Unisa, but that you mark it yourself. It is an old exam paper and you can find it in Tutorial Letter 201 (both the questions and the solutions).

The solutions to all assignments will be sent to all students registered for this module in a follow-up tutorial letter, and not only to those students who submitted the assignments. The tutorial letters will be numbered 201, 202, etc. Feedback regarding assignments will be announced on myUnisa. The assignments and the feedback on these assignments constitute an important part of your learning and should help you to be better prepared for the next assignment and the examination.
Due dates

The due dates for the assignments are as follows:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Due Date</th>
<th>Unique Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 (compulsory)</td>
<td>28 February 2014</td>
<td>737086</td>
</tr>
<tr>
<td>2</td>
<td>28 March 2014</td>
<td>759148</td>
</tr>
</tbody>
</table>

<table>

<td>835478</td>
</tr>
<tr>
<td>2</td>
<td>9 September 2014</td>
<td>856048</td>
</tr>
</tbody>
</table>

Finality of due dates

Please remember that Assignment 1 is marked by the computer and these marks are finalised on a given date. Therefore, NO extensions can be granted WHATSOEVER.

The receipt of assignments after the due date disrupts our marking program and as the uncontrolled submission of assignments furthermore creates administrative problems for us, you are requested to note carefully the under-mentioned requirements and suggestions and to adhere strictly to it:

**NO EXTENSION OF TIME WILL BE GIVEN FOR THE SUBMISSION OF ASSIGNMENTS, SINCE SOLUTIONS WILL BE AVAILABLE ON MYUNISA AUTOMATICALLY TO ALL STUDENTS AFTER THE DUE DATES. NO CORRESPONDENCE OR TELEPHONE CONVERSATION WILL BE CONDUCTED REGARDING THE LATE SUBMISSION OF ASSIGNMENTS. ASSIGNMENTS RECEIVED AFTER DUE DATE WILL NOT BE MARKED.**

7.2 EXAMINATION

The examination counts 100 marks and is written in two hours. The entire syllabus is covered in the examination and you can therefore not afford to leave out any part of it.

The mark obtained for this examination will contribute 90% towards the final mark for this module. **In order to obtain admission to the examination you must submit assignment 1 (the compulsory assignment) on or before the due date.** Assignment 2 is not compulsory but it will count towards your year mark.

Once again, all-important information regarding the administration of the exam is contained in the *My studies @ Unisa* brochure.

Final mark

The final mark for this module is calculated as follows, an example:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Weighting</th>
<th>Mark achieved</th>
<th>Final mark (weight x actual mark)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>30% x 10%</td>
<td>80%</td>
<td>2.4%</td>
</tr>
<tr>
<td>2</td>
<td>70% x 10%</td>
<td>68%</td>
<td>4.76%</td>
</tr>
<tr>
<td>3</td>
<td>0%</td>
<td>75%</td>
<td>0%</td>
</tr>
<tr>
<td>Examination</td>
<td>90%</td>
<td>64%</td>
<td>57.6%</td>
</tr>
<tr>
<td>Final mark</td>
<td></td>
<td></td>
<td>65%</td>
</tr>
</tbody>
</table>

You must obtain a final mark of 50% or more in order to pass this module.
You have to achieve 40% or more in the exam before your year mark will be taken into account when calculating your final mark.

7.3 SUPPLEMENTARY, AEGRO TAT OR SPECIAL EXAMINATIONS

Supplementary, aegrotat and special examinations are allowed in this module.

Each year the Income Tax Act is amended. We expect you to update yourself but you will not be issued with any new study material. You can visit the SARS website on www.sars.gov.za for relevant updates/changes. Work through the study material that you have at your disposal together with updates/changes. Remember that if you become a tax practitioner, you will need to continually update your knowledge.

You will not be required to submit assignments if you are a supplementary, aegrotat or special examination student.

Supplementary, aegrotat or special examination students – your year mark from the previous semester will be carried forward.

As a supplementary student, you will still have access to myUnisa and we encourage you to make use of all the resources.

8 OTHER ASSESSMENT METHODS

There are no other assessment methods for this module.

9 OTHER

9.1 PLAGIARISM

Plagiarism is the act of taking words, ideas and thoughts of others and passing them off as your own. It is a form of theft, which involves a number of dishonest academic activities.

The Disciplinary Code for Students (2004) is given to students at registration. Students are advised to study the Code, especially Sections 2.1.13 and 2.1.14 (2004:3–4). Kindly also read the University’s Policy on Copyright Infringement and Plagiarism.

10 FREQUENTLY ASKED QUESTIONS

1. Must I buy the 2014 textbook or can I use a previous version?

The Income Tax Act is amended (changed) each year with the budget speech. This means that old textbooks will be out of date and you might lose a lot of marks if you use the old legislation. Please only use the current version of the textbook.
2. I think that I found a mistake in the study material, what should I do?

In spite of the care taken to ensure that the tutorial letters, assignments and solutions are comprehensible and free from errors, omissions and discrepancies may occur. Should you come across such matters, or matters not clearly expressed, kindly let us know to enable us to make the necessary correction. As soon as we discover a mistake we will make an announcement on the myUnisa system, please ensure that you register yourself to receive e-mails from the system.

3. Please could I have the answers to the old exam papers that are available on myUnisa?

The papers are uploaded automatically on myUnisa. The solutions to the previous exam papers are not made available to students, as they are out of date. We advise you not to focus on old examination papers as a source to learn the content of the modules, but rather master the content of your study material. You may accept that the type of questions that will be asked in the examination will be similar to those asked in the activities in your study guide and in the assignments.

Assignment 3 is a previous exam paper that has been updated with the legislative amendments and a new solution is provided for you in Tutorial Letter 201. Also, in most instances, the other exam questions have been incorporated into your study guide as additional questions to work through.

4. I received my study material too late to submit my first assignment on time. What do I do now?

You will have to prove that you indeed received your study material late and submit it with a motivated request to examadmission@unisa.ac.za.

ASSESSMENT CRITERIA FOR THIS ASSIGNMENT

For this assignment you will need to have achieved the learning objectives set out in study units 1 to 5 as contained in Tutorial Letters 102/3/2014 and 103/3/2014.
QUESTION 1 (20 marks, 24 minutes)

You are a trainee accountant and a member of the audit team currently performing the audit of Betty Blue (Pty) Ltd (“Betty Blue”). Betty Blue manufactures lipsticks at its factory in the south of Johannesburg and distributes them locally. Betty Blue is a registered VAT vendor.

The financial accountant at Betty Blue has almost completed the calculation of the taxable income for the year of assessment ending 31 December 2013. She is unsure how to handle some of the transactions that occurred during the year for taxation purposes and has asked that you complete the taxable income calculation taking these transactions into account.

The taxable income she arrived at was R2 356 000. Assume the calculation of this figure is correct (in terms of the provisions of the Income Tax Act).

The following are the transactions she is unsure of: (All amounts exclude VAT unless stated otherwise.)

1. **Insurance premiums**
   Insurance premiums of R245 000 were paid in full for the 12-month period from 1 August 2013 to 31 July 2014.

2. **Trademark**
   On 30 June 2013 one of the lipstick trademarks Betty Blue had registered in 2011 was renewed for a further three years at a cost of R75 000.

3. **Research and development**
   A dedicated team employed by Betty Blue was used in a highly scientific research and development project. The aim of the project was to develop a lipstick range that would colour lips for up to 16 hours without reapplying. The necessary approval from the Science and Technology Department was received on 30 September 2013. Salaries amounting to R640 440 in total were paid (R451 440 was paid on 30 July 2013 and R189 000 was paid on 28 November 2013) for the year of assessment.

4. **Design**
   On 31 May 2013 Betty Blue purchased a specific design to be used for their lipstick winter range from Levron Cosmetics for R120 000.

5. **Bad debts and doubtful debts allowance**
   R60 000 relates to only one bad debtor. Betty Blue has tried to collect the outstanding R60 000 since 2011 but finally decided to write off the amount in the 2013 year of assessment.

   A provision for doubtful debts of R123 000 in respect of doubtful debtors had been raised for the 2013 year of assessment. A doubtful debt allowance of R22 500 was allowed by SARS in 2012.

6. **Penalties and interest**
   There is a penalty of R250 from submitting a VAT return one month late and some interest of R1 789 for outstanding skills development levies.

7. **Salaries and wages**
   Salaries and wages amounting to R1 200 000 were not taken into account. Contributions to a pension fund of R110 000 made during the 2013 year have also not been dealt with by the accountant.
8. **Sale of end range lipsticks**
   Forty lipsticks that were end of range were sold to staff for less than the market value during the stock take that took place on 30 December 2013. The lipsticks had a market value of R65 each and the staff members purchased them for R30 each.

9. **Donation**
   Betty Blue made a R50 000 donation to the Makeup Institute of South Africa, a registered public benefit organisation. Betty Blue did receive the necessary section 18A income tax certificate for the donation made from the institute.

Calculate the tax liability of Betty Blue (Pty) Ltd for the 31 December 2013 year of assessment.

You must start your calculation with the taxable income of **R2 356 000**, taking into account the above-mentioned transactions for taxation purposes only.

**QUESTION 2** (30 marks, 36 minutes)

**Question 2.1** (17 marks, 20 minutes)

During the 2012 year of assessment, Betty Blue acquired a 70% shareholding in a South African company called Natural Lashes (Pty) Ltd that manufactures mascara using only organic ingredients. Betty Blue and the only director of Natural Lashes are the shareholders of the company. Betty Blue and the director do not hold any other shareholding in other companies. Natural Lashes had a turnover of R1,5 million for the December 2013 year-end from the sale of mascaras alone. It also received income from consulting fees of R220 000. These consulting fees relate to fees earned by the director, as he is known to be a research expert in the field of organic ingredients. Natural Lashes also had a capital gain of R87 000 that resulted from the sale of one of their mixing machines. The company does not earn any investment income.

The financial accountant at Betty Blue has asked you to advise them on whether or not Natural Lashes can qualify as a small business corporation and be taxed accordingly.

Determine whether Natural Lashes (Pty) Ltd would qualify as a small business corporation. You must address each requirement and apply it to the facts you are given above and reach a conclusion.
Question 2.2 (13 marks, 16 minutes)

Natural Lashes has provided for bonuses for all its employees in the 31 December 2013 financial year. The director would like to know if the expense is deductible for tax purposes in the 2013 year of assessment. He tells you that the bonuses will only be paid out to the employees if the turnover of the company reaches R5 million by 30 June 2014.

The journal entry relating to the provision for bonuses is:

| Dr Bonuses (Expense) | Cr Provision for bonuses (Liability) | R450 000 | R450 000 |

**REQUIRED:**

Discuss whether or not the R450 000 is deductible in terms of the general deduction formula of the Income Tax Act for the 2013 year of assessment.

You must refer to a relevant court case.
