Die eksekuteur kies Landbankwaardes vir boedelbelastingdoeleindes.

Die oorledene en sy nagelate eggenote smelt in hulle gesamentlike testament hulle afsonderlike boedels saam en laat die gehele saamgesmelte boedel aan hulle seun Pierre na, onderhewig aan die lewenslange vruggebruik van die langslewende gade. Die nagelate eggenote repudieer egter die testament. Prokureurs JA Ing., wat vir BTW geregistreer is, word as die eksekuteurs benoem.

Stel die hele likwidasie- en distribusierekening soos op 1 Desember 2005 op. Spesifiseer die administrasiekoste, wat 'n totale bedrag van R223 000,00 beloop. Gebruik denkbeeldige inligting waar nodig. Aanvaar dat die Minister van Landbou die nodige goedkeuring kragtens Wet 70 van 1970 verleen het.

VRAAG 2

[10]

Peter sterf intestaat op 22 Desember 2005. Hy laat 'n verdeelbare boedel ter waarde van R1 800 000,00 na.

Daar word vasgestel dat hy deur die volgende familielede oorleef word:

- a) Sy ouers Eric en Jane;
- b) Sy vrou, Sarah, met wie hy binne gemeenskap van goed getroud was en wat 7 maande swangers is met hulle eerste kind;
- c) Sy seun Daniel uit 'n vorige huwelik;
- d) Sy vrou se dogter, Layla Jones, uit 'n vorige huwelik.

Wie is Peter se intestate erfgename en watter bedrag sal iedereen erf?

The executor chooses Land Bank values for estate duty purposes.

The deceased and his surviving spouse in their joint will mass their respective estates and leave the entire massed estate to their son Pierre, subject to the lifelong usufruct of the surviving spouse. However, the surviving spouse repudiates the will. Attorneys JA Inc., who are registered VAT vendors, are nominated as executors.

Draw the entire liquidation and distribution account as at 1 December 2005. Specify the administration expenses which amount to R223 000,00 in total. Use imaginary information where necessary. Assume that the Minister of Agriculture has granted the necessary permission in terms of Act 70 of 1970.

VRAAG 3

[22]

U word deur Sam en Jane Sithole geraadpleeg in verband met hulle testament. Hulle is 'n jong egpaar met twee kinders, 'n seun van 12 jaar en 'n dogter van 8 jaar. Sam en Jane is albei werksaam by 'n in- en uitvoermaatskappy wat in Suid-Afrika gesetel is en hulle moet dikwels saam oorsee reis in die uitvoering van hulle pligte. Hulle is buite gemeenskap van goed getroud en wil hê dat die langlewende die enigste erfgenaam van die eerssterwende moet wees. Hulle is egter bekommert oor die moontlikheid dat hulle albei iets mag oorkom terwyl hulle saam op reis is. In so 'n geval wil hulle onderskeie boedels in gelyke dele aan hulle twee kinders nalaat. Hulle aanvaar u advies dat hulle by wyse van 'n testamentêre trust vir sodanige gebeurlikheid voorsiening behoort te maak en vra dat u hulle testament dienooreenkomsdig opstel.

Gevra:

Stel die testament vir u kliënte op. U hoef nie al die administratiewe pligte en bevoegdhede van die trustees en die klousules met betrekking tot die verdeling van die trustinkomste uiteen te sit nie, maar u moet seker maak dat al die ander belangrike aspekte wat in die praktyk vir testamentêre trusts toepaslik is, behoorlik uiteengesit word.

QUESTION 3

[22]

You are consulted by Sam and Jane Sithole in connection with their will. They are a young married couple with two children, a son of 12 years and a daughter of 8 years. Sam and Jane are both employed by an import and export company based in South Africa and they must often travel overseas together in the course of their duties. They are married out of community of property and want the survivor of them to be the sole heir of the first-dying. They are, however, concerned about the possibility that something untoward might happen to both of them whilst travelling together, in which event they wish their respective estates to devolve upon their children in equal shares. They accept your advice to create a testamentary trust to cover this contingency and instruct you to draw their will.

Required:

Draw the will for your clients, omitting the clauses setting out the powers of the trustees and the clauses dealing with the distribution of trust income. You must ensure however that all the other relevant aspects which should in practice be dealt with in wills of this nature, are properly set out.
