- NMA: New meaning in ADR context. Function extended to new "derivative process" & combination to hybrids.

- Negotiation: Private, voluntary, consensual process seek resolution by agreement
 - resolutions & transactions, agree on rules/standards, confidential (except for mediator)
 - voluntary & consensus = more co-operation. Not casual.

Stages:

- ① Orientation: assess each other & issues
- ② Positioning: gather info & take position
- ③ Bargaining: issues narrowed, concessions made
- ④ Close-out: ends in agreement or failure.

- If not all these stages, might be debate/consultation
- bilateral/opposing views
- Agreement not opposed, non-binding
- Strengthens future relationship

④

- Mediation: Priv, vol, cons parties agree to resolve thru 3rd party (mediator) intervention, who is impartial and accepted.

- popular, in USA included as settlement process. Some statutes prescribe it
 - = no longer voluntary, but process is consensual, no imposed agreement
- Non-binding, possibly enforced by law of contract
- Process:
 - Pre-mediation: contact, exploration, arrangements, rules
 - Opening: mediator statement, disputants' statement, med summary
 - Middle: explore & test options, negotiate solutions
 - Closing: final bargaining, decisions, closing statement
- 3rd party: quite limited, controls process (not content/outcome)
 - = Neutrality = difficult, but impartial & accepted by both, trusted.

- Arbitration: Disputants voluntarily & jointly ask arbitrator to hear both sides & make award, which disputants undertake in advance to accept

- closer to litigation as a formal process, award imposed
- Arbitration Act - Arb award can be made & enforced on court order
- Final & binding, arbitrator's competence comes from consent
- Decision by adjudication, more flexible than lit
- No precedents, binding only on participants
- Party control (select arbitrator, rules, issues, arrangement)
- Issues relating to status of person (matrimonial/insolvency) not allowed.

- Derivative Processes:

- Mediation: Conciliation (more directive approach by conciliator, non-binding recommed)
Facilitation (where no agreement is needed - creative problem solving)

- Arbitration:

- Expedited Arbitration (fast-track, waiving evidence rules, shorten period, adhear)
- Docs-only: (no hearing)
- Quality arb: (limited, look/say/taste (expert gives binding decision))
- Final Offer Arb: (baseball - arbitrator chooses 1 most reasonable) (dollar amount excluded)

- Hybrid Processes

- Mini-trial: (lit & neg), trial procedure aimed at negotiated settlement
exchange of info \Rightarrow settlement negotiation
 - : company disputes, fast, effective & cheaper than litigation
 - : Neutral adviser supervises. Both execs should attend & have authority
 - : Abbreviated versions of each best-case in limited time to inform execs
 - : Execs meet privately in good faith to settle
 - If no agreement, adviser must give opinion, 2nd exec meet
 - If still no, terminate or written offers to mediation

- Med/Arb & Arb/Med

- Primary processes linked into 1 thru same 3rd interviewer who controls both

- Med/Arb: mediation, if not settled \Rightarrow arbitration = encouragement preparation anticipating arbitration

Con: : Former mediator must apply natural justice to arbitration, now has intimate insight

- Arb/Med: arb \rightarrow med \rightarrow if no settlement \rightarrow award

arbitration goes to mediation before closing arguments
mediation committee formed, to assist finding settlement
binding arbitral award finalized, reflects what agreement should be
not cons like above, and many pros

- mediation issues tested in arb before coming to med
- can influence the process in mediation & negotiate

- Critique - positives

- NB that litigation is only 1 method lit is one of many to choose from
- rights based (interests). Private, mutually beneficial, voluntary compliance, focus on future, cost savings

Con - Procedural rights, not on record (appeals), only contractually binding, other expenses

SU7 Small Claims Courts (s 3, 6, 7, 12, 14-16, 22, 26-27, 29, 65-66 SCLA)

- Objectives

- Regulated by Small Claims Court Act 1984. to
 - make admin of justice more accessible
 - forum to settle minor civil disputes
 - remove time consuming, formalistic expensive procedures
 - reduce costs by preventing legal reps
 - consumer orientated
- self-representation by both, simplified pre-trial, commissioner is inquisitorial
- Part of court system, binding judgments, execution by state
- Cons: - very low jurisdictional limit (£7000)
 - some exclusions
 - only natural persons may appear/commerce
 - appeal prohibited, review allowed

- Differences with other courts

- No legal rep (minimise costs), pretrial is informal, rules relaxed, comm modus
- Bare essentials of pretrial formalities
- Adversarial, but with an active assisting commissioner

- Establishment & Nature

- Min of Justice may establish & notify in gazette
- Presiding officer = "commissioner for small claims" is appointed by Minister
- Not a court of record, except for judgment/order
- Open court, except in extraordinary circumstances

- Right of appearance

- Only natural persons may commerce: Juristic only on defendant (consumer/commercial)
- litigant in person, no representation (promote self-rep). Juristic rep by officer/adv

- Jurisdiction

- See Act
- Jurisdiction almost identical to Mag C. Note differences!
- Jurisdictional area of establishment
- Person Jurisdiction identical to Mag C
- Causes Jurisdiction similar to Mag C, but limited to R7000 (excl status, will perf P damage!)
- No jurisdiction by consent of matter outside of jurisdiction

- Institution of actions

- Pretrial: letter of demand, allowing 14 days from receipt to satisfy
 - : If not, summons from SCC with time & date
 - : Service, by litigants or deputy sheriff (same as letter of demand)
 - : No pleadings, but Def may make written statement of defense nature & grounds, lodge with Clerk of court & defendant

- Procedure & Evidence

- law of evidence doesn't apply. Commissioner has discretion to establish facts
- s 26(3): Establishes inquisitorial system
 - litigant may not question/ examine other litigant or the witness
 - commissioner inquisitorially establishes facts, may question lit/wit
 - Comm may allow lit to question lit/wit

- Appeal & Review

- s45: Judgment/order is final, no appeal = criticism. No record = no appeal.
- Review to: absence of jurisdiction, comm's interest/bias, gross irregularity

- Inquiry into financial position

- Act gives speedy execution. Judge obliged to ask judgment debtor if able to comply
- If ~~unable~~ = enquiry into financial position. After, may order instalments
- diff to Mag C as enquiry is immediate, not after 10 days unsatisfied

PART III: Jurisdiction of Superior Courts

SN8 "Jurisdiction"

- Must be link/realm between court & parties/subject
- SA is almost a federation, with HC serving geographically. largely independent, ⁱⁿ
- Each HC has original jurisdiction over all causes in geog area.
- in civil proc is the authority a court has to decide matters litigated before it
 = authority to hear & power to enforce

SN9 Structure of Superior Courts (s 167(3)-(7), 168, 169, 173 Constit, ^{s 6(2), 19} 21(1) SCA Ad

- CC: highest court of appeal, also first instance with some constit issues
- SCA - old appellate div of Supreme Court
- HCs - former prov & local divs & various homeland state courts

- Functions

- CC - Job: At least 8 judges 4 functions:

- Highest court of appeal in constit matters ~~non-constitu~~ ^{disputes of state orgs}
- Only court: disputes of state organs, appl by legislature, parl/pres failed constit
- May grant anyone direct access in interest of justice

- SCA - Job: Only appeal, never directly. Appeals from various HCs.

- Constit & non-constit matters. Highest final decision in non-constit mat
- leave to appeal is always required.

- HCs - Jurisdiction set out in Constit & legislation

- SCA: HC may adjudicate on any cause arising in its area except outer for.
 - all persons residing & domiciled
- HC limited geographically only. Common law principles except statutes otherwise.

S410 Terminology (S1-3 Domicile Act)

- Actor sequitur forum rei - action in defendant's domicile. One accepted rationes jurisdictionis
- Dominus litis - plaintiff as "master of suit" can decide when concurrent jurisdiction
- Incola: domiciled/resident of a court's area. Each HC as a separate entity citizenship irrelevant
- Peregrinus: not, ~~not~~, foreign or local peregrinus
- Rationes jurisdictionis: links between court & defendant/parties. domicile, residence, property, facts give rise occurring in area
- Ratione rei gestae: contract performed/breached or delict in area = jurisdiction rei gestae
- Ratione domicilii: jurisdiction of defendant's domicile if claim sounds in money
- Ratione sitae: Property claims, court where property is situated.

- Attachment to found/confirm jurisdiction: Money claims of foreign peregrinus (arrest=uncons)
- Claim sounding in money: seeks payment, or payment as an alternative
- Doctrine of effectiveness: who court won't exercise jurisdiction → effective judgment never ^{100%} { SA citizen: compliance by contempt proceedings
Residues outside of SA: attachment to confirm jurisdiction & give control }
- Domicile: lawful presence & intention to settle indefinitely
- Reside: more than presence, less than domicile Intention to stay beyond next 12 months

S411 Gen Overview of Jurisdiction Principles

- Draft jurisdictional principles for different types of claim money, prop, status, constit
- Comm law principles apply unless altered by legisl

- Claims sounding in money: - "actor" - plaintiff must instit where def is domiciled
- principles of ratione rei gestae & foreign has given other court's jurisdiction

- Claims re property: forum rei sitae is only court, relatively unchanged. All prop

- Matrimonial actions: a altered, now domicile of either party

- Constit actions: interp/prot/enforcement of constit, final decision & CC

↑ Superior courts

5912 Gen Princ of Jurisdiction of claims sounding in money

- If defendant lives in SA, that court, or court of cause of action will have jurisdiction
- No defendant in SA may have prop attached for jurisdiction
- Defendant resident/domiciled outside SA 2 courts: plaintiff domiciled or court of cause of action
→ If attachment in SA (fond & arrested or prop at)
- Submission only if def is foreign peregrinus & court of CA renders all unrec.

13 Claims sounding in money where defendant is incola of court (s19(1), 28(1) SCA)

- Def is incola of concerned court: ratione domicilii, based on actus sequitur forum rei
 - Court has jurisdiction over def who is incola, plaintiff & cause doesn't matter
 - def must be dom/res at time action is insti (summons issued/served)
 - doesn't need phys presence/residence, just domicile
 - if dom in one, and resident in another, both have jurisdiction of rat domicil
- Def is peregrinus of court, but incola of another SA court = local peregrinus of court
 - only jurisdiction if cause of action arose in area (facts which give rise) = ratione rei gestae
 - plaintiff is irrelevant, but defendant must be local (not foreign) peregrinus
 - contract (concluded) breached/ performance effected (jurisdiction ratione contractus)
 - delict committed in area (jurisdiction delicti commissi)
- No attachment if domiciled/resident in SA

14 Claims sounding in money where Def is foreign peregrinus (s19(1), 26(1) SCA)

- Def is foreign peregrinus & plaintiff is incola of court + attachment of def's prop = attach ad fundatum
 - order for attachment forums jurisdiction, cause of action's area is irrelevant
 - order is only permissible if plaintiff is incola & def is foreign peregrinus
 - fondly foris et
No submission
- Def is foreign peregrinus & cause of action arose in area + attachment = att ad compromissum juris
 - Attached confirms imperfect jurisdiction other ^{part} of jurisdiction from ratione rei gestae
 - claim must just be money-based. Ratione contractus = many actions = possibly many jurisdictions
 - + Submission possible
Confirming jurisdiction
- Attachment to formal/confirm jurisdiction may happen off (outside jurisdiction area). Precedes main action
- Plaintiff nation = arms nation (no jurisdiction and not a)

↓ Money claims ↑ Superior courts

①

Su 15 Submission vests jurisdiction (not 100% clear)

- Only money claims, since property/status jmsd usually grants a court excl jmsd
- Persons who may submit
 - Never incola def as court is already vested with jurisdiction ratione domicilii
 - Def local peregrinus - Despite submission, a trial ground of jmsd is still needed
 - Courts refused jmsd by submission. Cause of action or incola are
 - Def foreign peregrinus, plaintiff incola of court Court held a trial ground of jmsd still needed
 - Plaintiff incola, def foreign peregrinus + attachment = jurisdiction
 - Foreign peregrinus can't avoid attachment by submission.
 - Submission only if cause of action are.
 - Def foreign peregrinus, plaintiff local/foreign peregrinus,
 - cause of action + attachment to confirm jurisdiction needed but
 - If foreign def submits to jmsd before attachment order, attachment will be null
 - only instance where submission to jmsd can take place.
 - mutual consent or def's unilateral action. usually in writing
 - If disputed, plaintiff must prove def's behavior shows he submitted

Sub

Sub b Jurisdiction of property claims

- many claims sounding in money regard property, but there are other types: identify prop
e.g. delivery of a specific item, or return of
- gen comm law: *forum rei sitae* (area of prop) has jurisd., often exclusive.

- immovable prop

- situated court has excl jurisdiction in actions:
 - to determine title, to transfer, to partition, real-right dispute, where possession is claimed,
where rescission of a contract for transfer is claimed
- def is irrelevant

- movable prop

- court in wh's area the movable prop is situated in actions:
 - to determine title, for delivery, where a real right is at issue.
- exclusivity is debatable as items can be removed with owner (possessor controls)
 - ∴ court of owner/possessor (*forum domicilii*) should also have jurisd on judgment
can be enforced anywhere in SA.
- *forum rei sitae* will always have jurisd., *forum domicilii* is unclear

SH17 Matrimonial Jurisdiction (s2 Divorce Ad, s1) "Court" & "divorce action" Div Ad, S1-3 Dom Act)

- Jurisdiction of status issues not on effectiveness (like claims) but on recognition in other countries
- Basic comm law - Court of common domicile (problem as = husband's) & geog restrict of HC

Divorce - Dom Act \Rightarrow dependent domicile abolished. Married woman has independent domicile
 \Rightarrow dom & residence are separate. Domicile/residence of either spouse gives area court jurisdiction

- Div Act decides if a specific HC has jurisdiction \Rightarrow independent dom/residence of H or W
 \Rightarrow either is ordinarily resident in area in SA for 1 year

- Even if either spouse is res/dom outside SA. (Foreign plaintiff allowed)

Nullity & annulment

- Outside the scope of "divorce action", so Div Ad doesn't apply.
- Action for nullity of "void" marriage doesn't alter status, as it is a declaratory order
 - no marriage ever existed
 - jurisdiction forum loci celebrationis (where "marriage" was acted or from either domicile at time of nullity).

- Action for dissolution of "voidable" marriage does change status, back to orig positions

- comm. law applied (comm. domicile) or independent dom

Su 18 Constitutional Jurisdiction (s 167(3-7), 168(3), 169, 172(2))

- CC

- CC hears only matters involving interp, prot or enforcement of constit
- CC decides what it can hear,
- CC has excl jurisd on certain matters, and concurrent jurisd in others
- excl jurs: 167(4) disputes between state organs at natl/prov level re constil powers, status, if
 - constil of parliamentary/provincial bills
 - If president/parliament has failed a constil duty
certification of provincial constitution.
- majority issues fall outside of these, so CC is rarely 1st instance, usually approach HC, then appeal to CC. CC is then court of final instance
- HC/SCA may declare Act of parliament invalid, but CC must confirm before
- CC can give leave in interest of justice to approach CC direct etc.

- SCA

- May decide appeals in any matter, incl constit ones. No further appeal for non-constit
- No appeal from HC (R ~~leave~~ leave from "appeal" cont. Courts themselves decide).
- If appeal is constit/non-constit - first to SCA
- If appeal is purely constil - normally first to SCA. Possible to ask CC direct q interest of just

- HCs

- HC may hear all constit matters except for CC exclusive ones above
- If HC finds parl/prov legisl or conduct of prez is unconstit, must be confirmed by CC before effect
- may grant temp relief until confirm (same as SCA)

- MCs

- Constit doesn't give constit jrsid, but legisl might give
- MC can't pronounce on validity of law (legisl & CL). Can't pronounce on prez conduct
- must assume that above laws/conduct are valid if brought up, then appeal

PART IV Jurisdiction of Mag Courts

(10)

SU 19 General Intro

- HC jurisdiction is inherent & CL based. Anything not expressly excluded.
- MC created by statute, can only do what is statutorily permitted
- HC geographically limited, no general prohibitions.
- MC: Can this action ever be in MC? Is amount too big? In which MC?

- Provisions Governing Jurisdiction

- S 46 & 29 MCA: 46 claims which are excluded. 29: Max amount
- then move on to which MC is correct - S 28 deals with jurisdiction of persons.

46 nature
29 amount
28 persons

- Re all MCs: may grant interdicts, interdicts peculiar to MC, may decide on matters out of jurisdiction to determine a matter it may hear, how defendant can transfer to HC, and can it pronounce validity of any legal?

- Jurisdiction of MCs: how to reduce the amount claimed to fall within jurisdiction limit, cannot split claim, more than 1 amount where each less, how parties can consent when higher than limit, what if counterclaim is higher

May want - no common law principles (factors / ratios) on statute

SH20 Limitations on nature of claim (s 46 MCA)

- MC, unlike HC, are restricted to nature of cause of action
- parties cannot consent to wider jurisdiction.

- 46(1) - MC can't grant divorce as it affects status.

- No jurisdiction in separating joints of community of prop (can hear out-of-Particular)
- may sometimes be authorised by other legis (eg grant consent where spouse unreal with)

- 46(2)a - No jurisdiction where validity/integrity of will is in question

- can hear action resulting from provisions

^{No jurisdiction}

- 46(2)b - Mental status is affected. So can declare insane or incapable of managing

- may appoint curator for a person already declared insane

- 46(2)c: No jurisdiction if specific perf & alternative of damages exc: rendering account ^{trans prop < 100,000 or consigned}

- Spec perf is of a contractual oblig

- claim for contractual payment is not spec performance in the section / ^{unlike strict} _{specifying}

= claim sounding in money (from contract or not) can never be spec perf

- ∴ this section applies only to Spec perf of a contract. HC must order spec perf

- Courts (& HC) are reluctant to grant spec perf of (impossible, contra, difficult to enforce, damages etc)

46(2)(i): MC has jurisdiction to grant statement of account

(ii&iii): deliver/transf or immov prop less than 100,000 or contract if over

- 46(2)(i): No jurisdiction when seeking degree of perpetual silence. (not to litigate within time)
(if not instituted, may never be instituted) as limited legal jurisdiction.

(1)

s21 Limitations on amount of claim (s 29 MCA)

- Actions allowed in MC, but not allowed if exceeding
- Con. consent to MC if amount is greater than s29, not if causes in exch by s46

- S 29 "actions" is wide = all proceedings. MC shall have jurisdiction:

exception from spec perf
between → 29(1)a: deliv/trans immov prop less than R100 000 Actual market value ~~less~~ ^{must} prove

- 29(1)b: actions of ejectment, right of occupation less than R100 000.

- action of ejectment is not spec perf

- "R100 000 clear value to occupier" is difficult - residential = rental of similar places
business = cost of similar profitless occs / amount of profit

- 29(1)c: determining right of way (s46 provisions excluded), so no limit, jurisdiction of any court.

- 29(1)d: action from liquidation/mortgage bond - this is when debtor admits debt. only grant less than R100 000

s29(1)e: action from any credit agrmnt. (installment sale)

- plaintiff seeks ① recovery of prop or ② payment of money over
value at claim < R100 000 (each payment = sep claim) → each outstanding payment > R100 000

s29(1)f: actions from Matl Prop Act - value > 100 000. 1 st exception to s46(1).

- spouse acts f/d consent from Minister after spouse cont or refuses b

s29(1)fA: actions from Close Corp Act incl appl for liquidation

- MC's only insolvency oppn. All others → TIC

s29(1)g: other actions which value > 100 000.

- relevant for alternative claims Value of prop & alt claim > 100 000

s29(2): action includes claim in reconvention (= counterclaim) also subject to these limits.

S22 Jurisdiction re persons (s 28, 30 bis Mag C Act, Rule S7 1-3, 5, 7 Mag Cont Rule)

- link between person & spec mag court. limited by stat
- s 28 "persons" means defendant def situation gives jurisd. list is exhaustive

- S 28 MC has jurisdiction:

s 28(1) a: resides, comes ^{own} _{degree at} business, employed in district

- date of service of summons is key.

s 28(1) b: partnership & business premises or member residing

- p'ship not juristic entity, partners sued jointly inconvenient in Comm Lawr.

s 28(1) c: any person in any proceeding "incidental" to an action, or proceeding instigated by himself

- CL assumption that plaintiff submits to jurisdiction re counterclaim doesn't apply to MC
- Many, but not all counterclaims are incidental (same facts)
- If not incidental (diff facts) & plaintiff doesn't object, court will have

s 28(1) d: any person if cause of action arose wholly ^{ratiocinative} in district

- HC needs partial causal. Mag Cont Act needs C of A to arise wholly

- MC contract action: concluded & breached in one. entire set of facts

★ facts probanda (at issue) - damage, cause, harm

★ facts probantia (facts relevant to facts at issue) - owner, reasonable costs

- If doubt, use sections above (ie resides or employed)

- summons must state that C of A arose wholly in area

s 28(1) e: any party to interpleader proceedings: possessor bring & claiming owner

s 28(1) f: any defendant who appears & doesn't object. Submission = jurisdiction. Failure to object.

s 28(1) g: any who owns immov prop in area & action regards that prop or its montage

- 28(1) : State interested in person/def.

- s 30 bis Court may order attachment of person / prop to confirm / comd / jndst against person who resides out of SA; for action in district, for matter of rbo +
 - widely worded, incl ability greater than HC's. Should be read in light of HC
 - ∴ plaintiff must be resident in district.
 - ∴ To confirm order, whole CA must have been within limits.

Procedure for obtaining order for arrest/attachment

- Ex parte application (no notice to respond). If non notified, might try prevent
- After order, respondent may approach to alter. All details in affidavit.

Su23 Other provisions determining Mag Court Jurisdiction (s 170 Constitution s 30-32, 37, 50, 110 Mag C Ad)

s30 - MC may grant interdicts

s31, 32 - interdicts peculiar to MC

s37 - to determine a MC matter, it may decide on matters outside if jurisdiction

s50 - how a defendant can transfer to HC if not happy with MC

- s30 - Interdicts

- "Mag C has power to grant certain orders which might otherwise be excluded under s 46 (no spec perf & alt damages). MC grant interdicts, attachment orders, mandamus van Spolie & arrests taquinam suspectum de fuga"
- must still comply s28 & 29 (monetary & person limits)

- Interdicts

- court order to perform/not a specific act (not = prohibitory, to = mandatory)
- final or temp (perm vs temp)
- mandatory could be spec performance (no alt for damages)
- counts → MC may grant mandatory interdicts as long as not ^{orders and factum} ~~protection its to contra oblig?~~
- diff to assess financial value. If doesn't appear otherwise & defendant doesn't dispute

- Mandamus van Spolie

- restitutive interdicts, forcing someone to return prop unlawfully taken
- applies need not be owner or have any claim. Value limit applies
- to prevent taking law into own hands. Restore possession before merits
- allowed or not its contract oblig, s 46 not concerned with temp extraordinary ^{and}

- Arrests taquinam suspectum de fuga

- if debtor owes creditor, or needs judgment before enforcing. Dr staves fleeing
- may arrest/give security

- Attachment

- After must show it likely that respondent will dispute

- creditor attaches goods and lessor's credit to it

- s31832: Rent interdicts

- As soon as tenor falls behind, landlord gets tacit hypothec over all household effects on that prop
- If these are removed, -> no hypothec

- Automatic rent interdict

- ~~As soon as tenor fails to pay, landlord can attach hypothec over household effects~~
- Ordinary interdict may be used to prohibit removal of household effects
- Mag C Act created simpler and cheaper one
- When summons is issued for arrear rental, plaintiff may include notice prohibiting removal = automatic interdict, until order dealing with goods has been made
- addressed to defendant & anyone who is aware

- Attachment of property in security of rent

- Automatic rent interdict only valid for people aware
- S32 provides for attachment order to supplement & secure enough for what is owed
- Landlord must apply with amt rent due, written demand 7 days or before plaintiff removes
 - also provide security for costs, damages & expenses
- Unseen may apply to set aside or consent to auction or plead & trial.

S37: Incidental Jurisdiction

- Question arises (which is outside jurisdiction / jurisdictional limits / matter) . may not order, but may make a finding. (May inquire into ownership of fixed prop on a rates claim, or divorce)
- If relief is within jurisdiction, what it considers/finds doesn't matter

- S50: Removal to HLC

- Party feels matter is too complex. Plaintiff always free to (only fee is higher HLC cost order)
- If its the Def, he is summoned to Plaintiff's court. Rep must apply to summon (if not):
 - ① Amt claim > R3000, objects to MC, notice given to def, witness & others & furnish security
- if granted, MC is stayed. Then transfer to HLC or issue fresh summons

SU24 Proves effective claims outside jurisd limits

- S29 - financial limitations, affected by:

s38 & 39: how to reduce claim. s45 - consent financial persons s40 - prohibiting splits
s43 more than one amount total exceeds, s47 - counterclaim exceeds limit.

S38: Abandonment of claim

- claim > 100 000, but wants mc because of costs being lower. May abandon part
- good idea if difficult to ~~prove~~^{any time / during trial}
- details in summons / document. Court will find on whole amount, only order to 100 000 ^{shortfall set off}.
- plaintiff will receive lesser: amount proved vs 100 000 € better. abandoned amount
- counterclaim is deducted from awarded, not amount before counterclaim.

offer &
all allow
anyone
but

S39: Deduction of admitted debt

- Def has claim vs plaintiff. def would counterclaim (= 2 sep actions combined).
- If plaintiff wishes to claim more than limit & knows of possible counterclaim
- can admit & deduct. Def can counterclaim for higher amount (doesn't need to prove admitted)
- unlike s38, can't deduct admitted from full amt not proved
- plaintiff will receive sum proved less amount admitted. Always lose admitted amt

S45 - Consent

~~persons~~ ~~financial~~ matters

- Gives parties ability to consent despite S28 or 29, but not 46. Both must agree
- ① Jurisdiction over person, but beyond financial written consent anytime, even before action
- ② No jurisdiction over defendant or award: specifically to proceedings
- ③ Financial jurisdiction, but not over person: specifically to proceedings within or about to be valid w/ for any may court, not a specific one.

S43 - Cumulative Jurisdiction

- 2 claims on diff causes of action, 1 summons, same jurisdiction as if each was separate
- if confirmation of indebtedness + damage, same case, will treat each splt except ~

S40 - Splitting claims

- Def. ought to abide. Claims splitting must be diff. causes of action
- Regarding every fact necessary to be proved.

S67 Counterclaim exceeding jurisdiction

2 alternative for defendant @ counterclaim exceeding jurisd:

- ① Abandon its S38 to bring within
- ② Have counterclaim decided by HC before plaintiff's claim.

- Def must ask if claim exceeds jurisd, persuade a reasonable prospect of judgment. If successful, orders plaintiff's case to be stayed for reasonable period, so def can instil HC action.
- Plaintiff may instit only one claim on a fl counterclaim
